The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the spear gun which resembles a crossbow (claim 29) must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

We believe that one of ordinary skill in this art would recognize that a Crossbow would need to include at least an elongated stock, flexible limbs extending outward, and a bowstring connecting the ends of the limbs; the drawings do not show these features.
